

# Spouts, lids, Handles, and Cups

## Teapots and their Buddies

## Learning Targets

- I can make works of art using the wheel, pinch method, slab method, or coil method
- I can use the creative process to plan, sketch, and implement my design into clay
- I can create a teapot with cups that have a unified style or theme
- I can cleanup my area and tools
- I can create a pulled handle
- I can create a spout
- I can use glaze to decorate my teapot and cups in an aesthetic manner

# Calipers

- An instrument consisting essentially of two curved hinged legs, used to measure thickness and distances

# Unified Size

# Requirements

- Create a teapot with a Spout , lid, and Handle
- Create a matching set of 2 cups
- Can be made with pinch, coil, slab, or a combination of methods
- Handle must be pulled
- The overall goal is to have unified style and appearance between the two

# Essential Questions

1. Will my teapot be functional or non-functional?
2. What is my teapots theme or story?
3. What type of form will my teapot and cups have?
4. What tools and techniques will I use?
5. What are the next steps in the process?
6. How does my handle relate to the form of my teapot?
7. What method will I use to create my teapot?
